

Order instructions

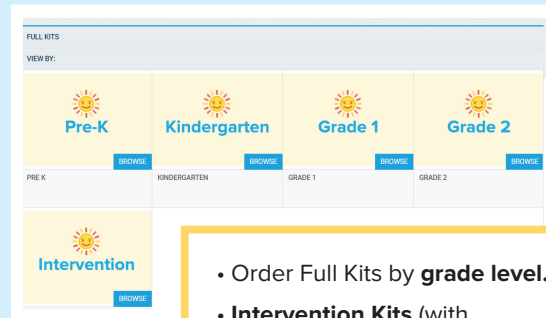

Login to the Groves Method™ online store using the login credentials supplied by Groves. If you need help with this, contact your Groves Literacy Coach. Once you enter the store, you can order your curriculum materials through our menu shown below:

1

- When ordering curriculum, begin by ordering **Full Kits**.
- If you need to replace **individual items**, you can select that category.

2

- Order Full Kits by **grade level**.
- **Intervention Kits** (with instructional materials for grades K-2) are also available for intervention teachers.

3

Instruction Kits

- When ordering Instruction Kits, order **one kit for each classroom teacher**.
- If your school used Groves Method kindergarten curriculum in 2019-20, order one **Instruction Kit Upgrade** for kindergarten for each kindergarten teacher.

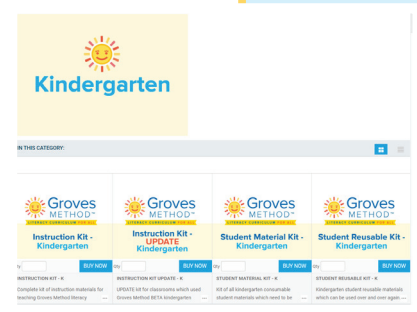

4

Student Reusable Kits

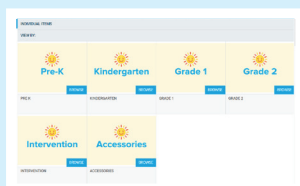

Groves Method curriculum includes durable manipulative materials for students that can be used year after year such as Magnet Boards and Letters. These materials differ slightly from grade to grade, so **order these by grade level**. Some grades share items and are labeled with multiple grades. **Order one kit per student per classroom**. Your school can use these materials over and over again.

Student Materials Kits

Groves Method curriculum also includes consumable materials that need to be purchased each year for students, such as workbooks. **These materials are unique for each grade level.**

5

Accessories

Some items are not included in any kits, but classroom teachers may want to use them for convenience. These include cases to hold Magnet Boards and Letters, sheets of lined card stock for students to create their own word decks, and writing books. Orders for these items can be placed in the **"Individual Items"** category.
